Good morning all.

There are 9 other FOIAs the agency received for this information. HQ asked each region to respond because the email collections would be small and the OEI e-Discovery Team is backlogged with email search requests.

OPP made regions aware of the weekly report that contained the information. So there is no need to communicate this with them. The document was looked at and determined all of the information contained in the weekly report could be released.

Melanie

Can you give a call to someone in OPP (Rick?) to let them know that we plan to release one of their weekly reports under a FOIA request?

Thanks

Paul

Can one of your attorneys with FOIA experience take a look the attached internal weekly report to see if they think it is releasable under FOIA?
